RARE DISEASE DAY WEBINAR ORGANISED BY
KYOWA KIRIN IN PARTNERSHIP WITH THE
ASSOCIATION OF BRITISH PAEDIATRIC NURSES

SPOTLIGHT ON RARE BONE CONDITIONS

Date: Tuesday 28th February 2023 at 16:00-17:00 (GMT)

Please join us at this webinar to hear from nursing experts about paediatric rare bone diseases. Learn from case experience and ask questions during the discussions.

The overall objectives of the webinar are:

- To explain the different types of rare bone conditions, including key characteristics and prevalence
- To describe the underlying pathophysiology of hypophosphataemia and the clinical consequences of hypophosphataemia associated bone conditions
- To discuss the common challenges associated with the management of rare bone conditions

CHAIR

Mrs. Caron Eyre

Chair of the Association of British Paediatric Nurses

SPEAKER

Mrs. Lauren Rayner

Metabolic Bone Diseases Specialist Nurse Practitioner,
Manchester University NHS Foundation Trust
